

CHRYSA LIS

**AN ARTISTIC RESIDENCE IN KONVENT,
CAL ROSAL, BERGA, SPAIN, 2020**

**WITH ARTISTS:
DANI BERENQUER
BÀRBARA PUIGVENTÓS**

In 2020, I do an artistic residence together with artists Dani Berenguer and Bàrbara Puigventós, in Konvent, a cultural center created in the ruins of an abandoned textile factory in Catalonia. It was the summer after COVID broke out and the world was forced to stop and stay inside our houses, so I started working on the subject of the human body as our home, using “poor” construction materials and using real human bodies to create this chrysalis in order to project a kind of interior transformation.

Here are some photos of the process and the final pieces.
